### MEMORANDUM

**TO:** UNAM Students

**CC:** Prof Erica Maass, Registrar  
Dr. Maggy Beukes-Amiss, CILT Director

**FROM:** Prof. Frednard Gideon, PVC: AA

**DATE:** 10 March 2023

**SUBJECT:** CORE SEMESTER OFFERING FOR LATE REGISTERED FIRST YEAR STUDENTS 2023

Dear First Year Students

It has come to my attention that we have a significant number of first year students who just got registered, after the Core Semester. As with any other academic semester, the Core Semester is compulsory. Hence, in the best interest of our students and the University, we need to give service to these late registered first year students.

For both University Core Semester Modules, as well as for Faculty/School specific modules, as students, you need to ensure that you complete the Core Semester work. Please note the following salient points for action:

1. The late Core Semester work will be done within the first academic semester of 2023, for a period of 3 weeks, starting 13 March 2023.
2. All materials, including recordings are uploaded on Moodle for students' ease of access.
3. Students are encouraged to engage in self-paced study mode, and seek assistance from the respective lecturers for the different Modules.
4. Students should ensure completion of tasks/activities, clearly adhering to important dates. No other second opportunities will be given to students to complete the tasks/activities.
5. All tasks/activities of the Core Semester modules should be completed in 3 weeks, starting 13 March 2023.

Thank you.
